Sir or Madam:
Examiner Janvier:

Attached is the response and amendment for the above-identified application. It was most likely not entered into the case because the serial number written on the documents was incorrect, which resulted in abandonment of the application (ser. 10/764,883). I have corrected the serial number to indicate the proper application. The extension of time petition fees have already been paid (check was cashed by USPTO).

I respectfully request that the amendment and response be entered into the system and the application examined in view of the attached documents.

Thank you.
